Trip Verification Record

Name _____ SS # _____

Vessel _____ Official # _____ Tonnage _____

Port of Departure	Date of Departure	Port Of Arrival	Date of Arrival

This is to certify that the above named trip observer has been on the navigational bridge (a.k.a. pilothouse, wheelhouse) of the above referenced vessel studying the routes along the Great Lakes waters between the above detailed ports of departure and arrival. This includes (but is not limited to) studying the geographic configuration of the waterways, aids to navigation and known hazards along the noted routes, prescribed Lake Carriers Association courses and distances, prevailing weather patterns & characteristics and other points of interest to mariners such as ferry crossing points, bridge clearances, etc. The above noted trip observations may have been completed while the mariner was actually on their assigned watch, while observing during their off-duty time or most likely a combination of both scenarios. **In accordance with 46 CFR 10.705 (d), at least 25% of the above referenced trips were observed during the hours of darkness.**
